Scuba/Vacation Diver

Short on time and long on the urge to become a certified diver? The Scuba Diver certification might just be for you. This course requires less time than the Open Water Course, covering only the first three of five sections of classroom sessions, the first three of five pool sessions, and the first two of four open water training dives which can be completed on vacation, resulting in a limited certification. Particularly if you expect to go scuba diving primarily in the company of a dive guide or if you have limited time to devote to scuba certification, consider becoming a Scuba Diver.

This certification allows for ample dive experience to dive while on vacation. As a Scuba Divers you qualified to:

- Dive under the direct supervision of a Dive Professional, Assistant Instructor or Instructor to a maximum depth of 40 feet
- 1. Classroom and Pool Sessions ready for open water dives. No equipment to purchase **\$110.00**
- 2. Classroom & Pool Sessions with two open water dives. **\$200.00**. Open water rental charges apply.

Open Water Diver

The Open Water Diver Course, covers five classroom sessions, five pool sessions, and four open water training dives which can be completed locally or on vacation, resulting in certification. This certification allows you to dive independently with your buddy.

1. Classroom and Pool Sessions ready for open water dives **\$199.00**.
2. Classroom & Pool Sessions with four open water dives **\$299.00**. Open water rental charges apply.
3. Books & Materials **\$110.00**
4. Open Water Rentals 2 day Weekend **\$150.00**
5. Students will be required to purchase their own (Mask, Snorkel & Fins) personal equipment
